Observers report that 200 Milam farmers and ranchers got first-hand information on electronic farm planning in a meeting last week at Cameron Livestock Auction.

In a program jointly sponsored by the Milam Farm Bureau and the livestock committee of the Cameron Chamber of Commerce, an A & M man described the use of electronic computers in "linear programming."

This means using electronic computers to figure top utilization of farm acreage, labor, machinery, capital and other major items in the successful operation of the farm or ranch.

100 - 100 - 100

The program was received with overwhelming enthusiasm, reports said.

This "linear program" is apparently another recent development in the modern structure of farming in 1960. And it sounds like the farmers and ranchers of this area are gearing their operations for their future in agriculture.

100 - 100 - 100

Electronic computing of cost factors has been applied in business circles in recent years. It is good that the farmer and rancher can obtain the equipment to update his planning procedure beyond the estimate stage.

The day is coming when the service will be available to comparatively small businesses who could improve themselves with continuous, current financial data.

It's kinda sad to take some of the personality out of farming. But to have any personality at all, we have to eat. And now days, that presents a problem in itself.

If it weren't for the struggle for survival, we could all go fishing every day or sit around and watch TV or maybe even starve to death.

Fortunately, we still have the freedom to choose which it will be. I'd rather adapt to the problem through free enterprise than have Uncle Sam, who is likewise getting impersonal, tell me what is up.

## 200 Hear Talk On Farm Planning With Electronics

About 200 Milam County farm bureau members and interested farmers and ranchers attended a program on "linear programming" Thursday night at Cameron Auction Barn.

Cecil Parker, farmer management specialist from the extension service of Texas A & M spoke on "linear programming," a new concept in farm management which utilizes electronic computers to figure the best way to utilize farm acreage, labor, machinery, capital and other items.

Lloyd Bergema, livestock marketing specialist, of the Texas A&M extension service, addressed the group on the market outlook for beef cattle and hogs for 1960.

Parker said "linear programming" service using the electronic computers is being made available for farm and ranch operators through the extension service and the Texas A&M College system.

The program was sponsored jointly by the Milam County Farm Bureau and the livestock committee of the Cameron Chamber of Commerce.

Others attending from the extension service of Texas A&M included Fred Walker, state agricultural leader; Pat Wooten, agricultural economist; and Sid Jenkins, farm marketing specialist.

Ladies of the Milam County Farm Bureau served coffee and doughnuts following the meeting.

**FIREMEN FIGHT BLAZE** — Cameron fire fighters douse flames that lap at the interior rear roof of New Cameron Drug Store and Flinn's Cotton Office in downtown Cameron. The blaze started about 7 p.m. Friday and brought firemen and hundreds of onlookers to

the downtown area. Cause of the blaze was undetermined. At top, firemen pour water into side window of the building, and bottom, amid swirling smoke, fire fighters spray water into the burning skylight area on the roof. —Stafffoto

## Firemen Thwart Downtown Blaze

Insurance adjusters were at work today figuring damage caused by a fire Friday night in the ceiling above the rear offices of New Cameron Drug and Flinn's Cotton office in downtown Cameron.

Drug store owner Earl Curtis said that fast work by Cameron's volunteer firemen saved what he thought would have been a major fire loss.

He said that damage was limited to the ceiling above the prescription department and store office, but that all prescription and office records were saved.

Major damage to the drug store and cotton office interiors was caused by smoke. Billows of smoke poured from the top and openings in the brick building while firemen fought the blaze.

Hundreds of onlookers gathered as firemen rushed to put out the blaze. First call on the fire was turned in about 7 p.m. Friday.

Two crews of firemen worked against time to head off the flames. One group poured water into the smoking rear area of the store from the ground and another group of men climbed to the roof where

## Two Face Charges Following Break-In

Police reported that charges of breaking and entering have been filed against two Negro men following a break-in and theft of \$100 from the Blue Moon Cafe, Cameron.

Chief Chester Simons said that Louis Johnson, 25, Cameron, and L. T. Ward, Jr., 28, Houston, have been charged in connection with the break-in about 4:30 a.m. Sunday.

Simons said that \$100 in change was taken from coin machines in the cafe, operated by Booker T. Williams.

Sheriff Carl Black brought Ward back from Houston to face charges in the case, the police chief said.

## O. A. White Files For Year's Term On School Board

O. A. White, Cameron businessman, has filed with School Board Secretary Max Howard to run for the one-year unexpired term created by H. B. Pressley's resignation last week.

The school board election is scheduled for April 2, the first Saturday in the month.

Two regular three-year term posts are up for election. They are currently held by Mrs. Dana Monroe, vice-president and acting chairman of the board, and F. W. Vogelsang, board member.

The board officially accepted Pressley's resignation last week. He had been serving as president of the board.

White has filed for the remaining one-year unexpired term vacated by Pressley.

Howard said that no other applications have been made for the board posts.

In a meeting last week the board decided to begin screening applications for the superintendent's job. Howard said the board was still undecided on a policy of whether to hire a superintendent first or employ a head coach if they feel the best coaching prospect's application is among those already received.

Board officials said a number of applications have been received for positions to be vacant next year following resignation of Supt. Wiley Loughmiller and Coach Jim Speer.

Howard said that board members are screening applications for superintendent through letters and personal interviews.

## Secret To Speak At P-TA Meeting

The Cameron Parent-Teachers Association will meet February 4 at 7:30 p.m. at the Ben Milam Cafeteria.

State Sen. Jarrard Seirest, Temple, will be the guest speaker. P-TA Founders Day will be observed by honoring Cameron teachers with a tea.

## Rotarians Elect 5 New Directors

Cameron Rotarians Wednesday elected five new directors to take office July 1.

President George Childress announced that Henry Siebman, W. L. McIntosh, W. C. Wallace, Wayne Wieser and Bassel Wilson were elected by club vote.

## Prescott Resigns As City Attorney

The City Council in a called meeting Tuesday afternoon accepted a letter of resignation from City Atty. Jack Prescott and appointed Charles C. Smith, Jr., Cameron attorney, to succeed him.

Prescott told the council that he is vacating the post since announcing his candidacy for the office of county attorney. The change will become effective March 1.

Councilmen also called for estimates from Public Works Supt. J. B. Earle on paving Sixth St. from North Travis St. to North Fannin St., part of a projected paving plan on Sixth St. from North Jackson to Crockett.

Mayor Bassel Wilson and Councilman Roy Griffith visited the project site this week, the mayor said.

Griffith quoted Earle as saying that the three block span would need grading down about one-foot before paving could be completed.

Wilson said that several property owners along the three-block Sixth St. area sought paying as soon as possible. Sub-contractors

## Sunday Deadline To Pay Poll Tax

Officials at county and city offices said today that poll taxes may be paid as late as midnight Sunday in Cameron.

John Andres, city secretary, said that 585 had paid city poll taxes while officials at the county tax assessor-collector's office said that 3,072 poll taxes had been paid in Cameron and Rockdale. No county was available from the Thorndale station.

Both county and city offices in Cameron will be open from 1 a.m. to midnight Sunday, January 31.

Three More File For Place On May Ballot

W. C. Wallace, Joe Zajicek and F. B. Burks have filed this week for places on the May 7 Democratic primary, Max McClaren, county Democratic Chairman reported Wednesday.

Wallace officially filed for district judge and Zajicek filed for commissioner, Precinct 1. And Burks, of Milano, filed for constable, Precinct 3. Zajicek is from Buckholts. Wallace is a Cameron attorney. Filing deadline is Monday, February 1, McClaren said.

## Police Note 66 Accidents In '59

Police Chief Chester Simons reported this week that accidents during 1959 on Cameron streets totaled 66 and caused about \$20,400 in damage.

Eleven persons were injured in city accidents, but no one was killed.

His annual report included information that 468 traffic tickets not including parking tickets, were issued and 1,268 complaints were answered.

He noted that four men worked a total of 14,040 hours and drove 40,000 miles in patrolling Cameron streets and highways.

The Milam Commissioners' Court has called for a public hearing for 9 a.m. Monday in Cameron to discuss measures to control a state-declared rabies epidemic among predatory animals in Milam County.

County commissioners, County Judge Don Humble and county health department officials attended an area meeting on the problem in Rosebud January 18 with officials from Bell, Falls and Robertson Counties.

Judge Humble said the rabies problem and possible remedial measures will be discussed in the public meeting Monday at the District Courtroom.

Humble said the State Health Dept. has asked that the commissioners' court to announce that the rabies epidemic, among wild-life and cattle, does exist. He said the state also recommends that all dogs outside the boundaries of incorporated cities in Milam County be vaccinated.

And officials also recommended that assistance from the U. S. Fish and Wildlife Service be obtained to control the number of fox, skunks and other predators known to be carriers of the disease, Humble told The Herald.

Humble said "there is a great deal not known about rabies, but it is known to be fatal in all cases contracted by man."

Humble also said that only about 10 percent of the actual deaths occurring from rabies are diagnosed by State Health Department officials. About 10 known cases of rabies were reported during the past week in both cattle and wild-life.

County officials met in Rosebud two weeks ago and heard an explanation of the dangers of the epidemic by health officials.

Humble said that Dr. Rich, chief veterinarian of the State Health Dept. will be probably on hand to answer questions about the rabies epidemic.

State officials declared the four-county epidemic after laboratory reports showed twice the number of rabid animals during December 1959, than in December, 1958.

Known animal rabies carriers of the disease are usually trapped and poisoned by Fish & Wildlife men under rigid controls and by landowner's consent, Humble continued.

**SISTERS SHOW CHAMPIONS** — Patricia and Barbara McClaren show their grand champion and reserve champion winners in the Milam County Junior Stock Show. Patricia's Hereford steer won top honors and Barbara's Shorthorn steer Saturday won reserve honors in the Cameron show. The sisters

are daughters of Mr. and Mrs. H. L. McClaren, of the Marlow Community near Cameron. The girls exhibited two other Shorthorn steers Saturday and plan to enter their steers at the Houston Stock Show. The McClarens breed Shorthorn cattle and have been consistent winners for the past five years.

The Reserve Champion entry was an Eastern Schley shown by Lloyd Byrd of San Saba County, 49.9 nuts weighed 1 lb with a shelling percent of 61.7 percent kernel.

## RURAL HEROISM AWARD

The Texas Rural Heroism Award will be presented annually by the Texas Farm and Ranch Safety Council to one person who during the year exhibits exceptional bravery at the time of crisis or disaster in his local community.

Eligibility for the award will be limited to a person living in a rural area of Texas, or community of less than 2500 population. The award may go to a person credited with pulling another person from

a burning building, or to one who saved a life by pulling a drowning person from a farm pond, saving his life, or some other feat of heroism.

Nominations from the rural areas would be appreciated. Anyone knowing of a person worthy of this award should notify the county agents office.

## HIGH YIELDING TOMATO

The C. S. 50 tomato that yielded exceptionally high yields here two years ago has been named PLAINSMAN and seed is being distributed to commercial seed growers for increase during the coming season.

Limited quantities of seed are available to local growers by contacting Dr. H. C. Mohr, Associate Professor, Horticulture Department, College Station, Texas.

This new variety produced over 30 tons per acre on the South Plains of Texas on a 42 by 81 inch spacing last year.

## NEW VEGETABLE VARIETY

Local market and home gardeners frequently are misled by advertisements of vegetable varieties. Varieties adapted to other areas of the U. S. may not be suitable in Texas. Hence, only varieties adapted to Texas conditions should be planted.

Local Market and Home Garden Vegetable Varieties, is a new extension leaflet prepared by vegetable workers of the Texas Agricultural Experiment Station and Extension Service. It lists recommended varieties, with those suitable for freezing and canning noted. Decisions on which are suitable are based on recent research results and field observation.

Copies are available from the local Agricultural Extension Office in Cameron. Ask for L-451.

## Machine Harvesting Saves Money

Texas cotton producers saved an estimated \$55.5 million by harvesting about half of their 1959 crop with machines. Another \$13.9 million was saved by using chemicals and machines for controlling grass and weeds in their fields, reports Fred C. Elliott, extension cotton specialist.

Cameron FFA Elect Sweetheart Recently

The Cameron FFA Chapter met last week to elect their chapter sweetheart. Candidates were Linda Ward, Lanette Laffere, Linda Meek, Doris Trdy and Janet Jekel. Linda Ward was elected.

Linda is a junior and will represent the Cameron Chapter at the District Banquet in March in College Station at the Memorial Student Center.

## IRS Asks Farmer Check Payment Of SS Percentage

Farmer and rancher - employees with one or more employees are being asked two questions by A. P. Andrews, Administrative Officer of Internal Revenue Service at Temple.

"Have you paid an employee \$150 or more in cash wages during 1959, or has the employee performed agricultural labor for you on 20 or more days during 1959 for cash wages figured on a time basis?"

If your employees meet either of these two tests you must withhold social security tax from the cash wages paid to these employees at the rate of 2 1/2 percent of such cash wages. This 2 1/2 percent, together with another 2 1/2 percent representing your share as the employer, must be sent to the IRS District Director.

Farmers and ranchers subject to this tax are required to file a return, Form 943, with their District Director of Internal Revenue before January 31 of the year following the year covered by the return.

IRS recommends Circular A for nontechnical explanation of Uncle Sam's tax rules for withholding of social security tax from farm employees' wages. It's available free at Internal Revenue offices.

## Farm Operators To Choose Cotton Allotments Later

Now that marketing quotas have been approved for the 1960 crop of upland cotton, the next step for the farm operator will be to choose between the (A) and (B) allotment and price support programs for his farm. Alva E. Sanders of the Milam County office said today.

Sanders emphasized, however, that no election of such a choice can be filed until after the farm operator receives a notice of the price support levels applicable for 1960 under the (A) and (B) allotments.

Choice (A) will include the "regular" farm allotments and price support to cooperators who comply with their farm allotments at not less than 75 per cent of parity. Choice (B) will include allotments which are 40 per cent larger and price support to cooperators at 15 per cent of parity less than under Choice (A).

Sanders said that the level of price support for the 1960 cotton crop will be announced by the Secretary of Agriculture not later than January 31, 1960. Each farm operator will then be informed of the support levels available on his crop under both program choices, and he will also be reminded of the deadline - March 16, 1960 - by which he must register his election of Choice (B) at the County ASC office.

If the operator decides to grow his crop in compliance with Choice (A), no action is required. Failure to elect Choice (B) will automatically make Choice (A) effective on the farm for 1960.

## Guide To Determine Life of Farm Assets

COLLEGE STATION - Every taxpayer owning depreciable property used in his trade or business is faced with the problem of determining the useful life of each asset.

There is no standard life of farm property, says Bob Cherry, extension farm management specialist. Useful life in each case must stand on its own merits. For example, a barbed - wire fence with untreated posts on the Gulf Coast might

## School To Complete Census By Jan. 31

The annual school census in the Cameron Independent School District will be completed January 31, according to school officials.

## Producers Expect Better Egg Prices

COLLEGE STATION - Egg prices for the first three months in 1960 are likely to be lower than those in 1959, but because of the prospective smaller supply of eggs prices are expected to be higher in April - June than in the same months of 1959. This is likely to react favorably upon egg prices later in 1960, in consequence of the seasonal rise starting from a higher base.

A smaller hatch is expected for 1960 replacements because of a difficult year in 1959, according to F. Z. Beanblossom, extension poultry marketing specialist. However, he noted, if hatchery reports indicate substantial evidence of cutbacks, storers will become more avid buyers of eggs. The consequent bidding up of prices would then tend to limit a reduction in the replacement hatch. Prices received during the first half of 1960 will to a large extent determine the 1960 replacement flock size, the specialist continued.

The number of potential layers on January 1, 1960 appears to be three or four percent smaller than on January 1, 1959. As a result of fewer layers, there is likely to be less egg production in 1960 than in 1959. This smaller prospectively higher incomes and consequently, prices should increase.

There are a number of factors which should be considered in order to have a clearer understanding of other issues which will influence egg prices in 1960. Some of these are size of export market, egg prices quotations and prices determinations, and declining demand for eggs. Beanblossom added that national economic activity and further developments in integration and contracting should also be considered.

## WILL YOUR HOME BECOME A HEADLINE?

Latest figures available show that there were 5,700 fire deaths in the United States in a one year period. Fire losses the same year amounted to more than \$200 million. Daily headlines illustrate these facts. One of the main causes of fires is defective or improper heating. Check the heating system in your home. Check your fire insurance too. If you aren't sure about the heating, call an expert. If you aren't sure about your insurance, call your Farm Bureau agent, he's an expert at helping you to be sure of your fire insurance coverage. Your electric service  
is your Biggest Bargain Today

Electricity gives you "more for your money" than any commodity you can buy today. Since 1936 the cost of living has increased 108%, yet your average unit cost of TP&L residential electricity has gone down 43%.

TP&L, a business-managed, tax-paying electric utility, has been able to keep the unit price of your electricity low through efficient operation and through your increased use of service. The average home in the Company's service area now uses four times more electricity than in 1936, yet the cost of this electric service represents less than two per cent of the average family budget.

At the same time, the Company has been able to expand and improve your service and keep ahead of your needs for electricity. This expansion through the years has been carried on entirely with private funds, providing an example of why it is unnecessary to spend your tax money for electric power development by government-sponsored agencies which are financed or subsidized with your tax dollar.

# Explorer Scouting Begins Again After Twelve Year Absence

By Robert Mann

Explorer Scouting for boys of high school age returned to Cameron officially in 1959 after 12 years absence. This is a review of the work and projects carried on by Post 85, sponsored by the local Coca Cola Bottling Plant.

The troop started last December with 4 boys, all high school freshmen, attended an organization meeting at the Coke Plant. There were almost no leaders present than youngsters.

The adults were F. G. Blake, sponsor, Burt Kennedy, district supervisor, and a member of the advisory council, Police Chief Chester Simons.

Burt Kennedy showed a couple of films on scouting and discussed with the boys the possibility of

a well organized Post.

Within a few weeks, boys flocked in, at the present time there are 25 names on the register sheet, an ideal size troop for a town this size says Kennedy.

The Post's first activities consisted merely of electing officers and setting up a routine meeting procedure.

The Post stuck to light outings for a couple of months, spending the night on the river with assistant Scoutmaster, Gene Newman.

The first tour the troop participated in was of The State Prison in Huntsville, Texas. Chief Simons arranged the trip and two carloads of boys headed for Huntsville on a Saturday Morning.

The tour consisted of going through all the shops and prison grounds. Arriving back in Cameron late in the evening, plans were being discussed for the next outing.

The boys first guest speakers were Harry Davis and Clifford Marburger of the local Ford House.

The two answered questions concerning motors and explained the finer points of the automobile industry.

A few weeks later the troop was invited to the Hefley - Stedman Motor Co. where they were shown film concerning mechanics and a round table discussion was carried on.

The motion picture industry took part in the activities. Manager of the Milam Theatre, Billy Peck showed the troop a film on safety, discussed the business, and admitted all scouts free of charge to a movie during National Scout Week.

The next excursion carried the Scout officers to Madisonville, Texas with their Scout Master, F. G. Blake for a barbecue and horse show.

Other activities have included a trip to Earle Pearson Chevrolet, a tour through the Cameron Herald and Coke Plants and a talk on the making of cement by Blake.

This covers some of the scouting in Cameron and with the continued corporation of Cameron businessmen the coming year will be as good as the last.

Activities for the future include a canoe trip up the Colorado River and there will be a number of socials that Scouts from all over the district will take part in.

## To St. Anthony P-T-C

The St. Anthony School Parent-Teachers Club met in regular session at Simon - George Hall on January 19, 1960 with the President Mrs. Herman Hanel presiding.

During the business session it was voted to mail a mimeographed letter to parents of St. Anthony School children in grades five

through eight regarding obscene literature. This is being done in cooperation with the Cameron Parent Teachers Association and is being carried out in the hope that it will curb the circulation of such literature through the mails. It was reported that a substitute teacher had been hired to replace any teachers who might become ill and unable to teach temporarily. It was voted that a spring carnival would not be held and that instead efforts would be directed towards preparation for the parish picnic to be held later.

Mrs. David Shapiro introduced the speaker, Jack Prescott, who gave an informative discussion on Respect for the Law and the Future of Our Youth. Hostesses served coffee and donuts to those present following the meeting.

Proceeds go to the Lions Sight Conservation Program. The show starts promptly at 7:30 p. m. on both nights.

## Dillon, Elliott Win Top Places On Grid Teams

Two former Yoe High School grid greats have scored again.

Guy Dillon and Bobby Elliott, former Cameron grid stars continuing their football successes at Del Mar Junior College, have been named to All - Pioneer Conference Teams.

Dillon was named to the first team all - conference list along with four other Del Mar players. He played offensive center and defensive linebacker.

Quarterback Elliott was named to the third - team all - conference list. Both boys were freshmen at Del Mar, which went to the Little Rose Bowl last December to meet Barkerfield, Calif., College. Barkerfield won the game.

Warren Rinn and George Zarsosky, both Del Mar players and former Yoemen, also played a lot of football for the top Texas junior college team.

The coaches picked the all - star team.

Dillon and Elliott also made the second - team 1959 junior college all - American. Two of his teammates, Bob Sanchez, a guard, and fullback Spencer Brown were named to the first team.

Dillon and Elliott also made Teh Dallas News' sports staff all - staff team for Texas junior colleges.

## Raise a car in a grain sorghum field?

## It's not fantastic! And here is why:

One leading farmer with 250 acres of maize reported a yield increase of 1625 pounds per acre after application of Phillips 66 Ammonia. He cut a total of 7250 extra bushels of grain and netted \$4,050 in extra profits after deducting the cost of ammonia. You can buy a pretty good car for \$4,050.

Ask your Phillips 66 Distributor to show you the ways Phillips 66 Ammonia can help you live better through higher profits per acre.

	*Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$39	\$39
Ammonia Cost Per Acre	\$7	—
Yield Per Acre	97 bu.	68 bu.
Net Profit Per Acre	\$31.60	\$15.40
INCREASED PROFIT PER ACRE \$16.20		

\*Grain sorghum 88c bu. Example only. Results vary, according to soil fertility, available moisture and cultural practices.

## Rogers P-TA Gives Hale-Aiken Review In Monday Program

Parent - Teacher Association of the Rogers Public Schools gave the program "Must Action Be Seasonal?" Monday night for the January program, with the president, Mrs. Edwin A. Smith, Jr. presiding.

The program was a review and forward look of the Hale - Aikin school improvement program for Texas which was adopted by the people of Texas. Supt. B. F. Harbour listed the immediate objectives of the program as adopted by the Texas State Teachers Convention at Thanksgiving. He outlined the program that is expected to be presented to a special session of the legislature: an immediate raise of \$403 for teachers, an additional appropriation of \$190 per bus for school transportation, and \$50 additional per teacher for supplies and maintenance. Emphasis was also given to getting all citizens to pay their poll taxes and be ready to vote in the first primary in May.

The long range objective of Hale-Aikin was given by Principal J. L. Chervenka, and E. A. Smith, Jr.

Smith pointed out many ways in which enough money could be found for the program and yet Texas would still have lower taxes than neighboring states.

The High School Student Council gave a timely play "Let's Get Ready To Vote", in which parents and teachers were urged to get ready to vote in 1960. Martha Ann Necas led the program, assisted by Nelda Bravenec, Brian Harbour, Regina Schiller, Helen Stepan and Glenda Mayfield.

Displays circled the gymnasium from the math, science, history, and commercial departments of the high school.

## Rogers School Opens Second Semester

The second semester of the 1959-1960 school year began Monday in the Rogers Public Schools, Supt. B. F. Harbour said today.

For most high school students the schedule will be the same as the first semester. Students taking Texas History the first semester will take civics the second semester.

A new class in Driver's Education got under way with James A. Lowrance as instructor. Since the high school is using the "fused" English plan of teaching, there will be no shift from literature to grammar.

A few changes in schedule will be made due to failing grades.

In speech this semester the class will take on the atmosphere of the Interscholastic League as the one - act play contest will soon begin.

Semester reports will go out Thursday and Friday, he said.

## Student Headcount

## Underway At Rogers

The annual census round up of children and youth is under way in the Rogers School District. Mrs. Martha Chervenka is assisting with the enumeration.

The enumeration is taken primarily through the teachers and students. All parents with children starting to school for the first time are urged to contact school officials to make sure they are not missed. The authorities are anxious that no one be missed and will call on parents who are not reached through regular channels, if notified, or if the information is in, officials said.

The per capita apportionment from the state of Texas is still based on the census roll. An accurate census is also needed for local and state school purposes.

## Last Rites Held For McFarland, 85 Former Cameronte

Funeral services were held recently at New Hope Baptist Church Georgetown, for R. H. McFarland, 85, formerly of Cameron.

He died January 16 in Georgetown hospital.

The Rev. L. W. Skinner officiated at funeral services. Burial was in New Hope Cemetery.

Born in Williamson County in 1875, McFarland had lived with his children for the past year, due to ill health.

Mr. Brown will enter the University of Texas February 1. Mrs. Brown and children will remain in Cameron until a later date.

**ROGERS BUILDING STATION** — Edwin A. Smith, (left) and James Wentercek, both of Rogers, clear away some of the old concrete foundation at the site of the new \$4,000 city fire station

in Rogers. Citizens of Rogers have raised about \$1,700 thus far for the proposed structure. Construction was to begin on the new building with favorable weather.

## Rogers Planning New Fire Station, Raising \$4,000

Rogers will begin soon on a \$4,000 fire station which is being built with funds raised by the community in a current drive for donations.

The planned four - truck, concrete block building is one of two business houses being constructed in Rogers. The Rosebud Telephone Co. is constructing a \$10,000 dial center in downtown Rogers. It is the first business house construction of office or retail type since 1908, according to Edwin A. Smith, Rogers banker.

He said that New Theatre was planning a benefit show the evening of Wednesday, February 3, Rogers for funds toward construction of the fire station.

Smith said that \$1,700 already had been collected at presstime this week and that building would begin on the station when weather is favorable.

Rogers has added a third fire truck, a 750 gallon tank truck purchased from the Surplus Property Agency, San Antonio. It will be used as a booster truck.

A sketch of the fire station and a barometer showing total contributions are on display in the lobby of the Rogers Bank. The building will include offices, four parking stalls with separate doors for each truck.

Smith reported that other Rogers construction news included building of home by W. C. Jackson and Mr. and Mrs. B. D. Ward.

## P-TA Paves Area Around School

The major project of the Rogers Public Schools Parent - Teachers Association for 1959 - 1960 has been completed.

The project was black - topping the street in front of school, bus lane, and area in front of the gymnasium.

The job was contracted by the street committee of the P. T. A. with C. O. Gunter as chairman and liaison man with the school board.

E. A. Smith, Jr., J. H. Merka, B. F. Harbour, and Mrs. E. A. Smith, Jr. President. The committee also plans to haul field sand to the elementary play area of swings, slides, and merry - go - rounds.

## A Voting Year...

This is an election year, a time to express one of our most cherished freedoms, the right to vote for the candidates of our choice.

The old phrase, "My single vote won't make any difference," is as un-American as Communism. It is the same as saying: "I am unimportant, uninterested and unrelated to the political developments in my city, state and nation."

We intimidate ourselves by underestimating the value of the individual ballot; yet, it is the free vote that has brought America to its status of world leadership.

Individual interest in things political never has meant more to Americans than the present day. The obvious competition of East and West makes a free people's vote even more important and more essential.

Value of the individual's vote comes right down to the city and school district elections. It is the American way to express our choice at the polls, then abide by the decision of the majority. If the vote goes against our basic beliefs when we have voted, we have at least expressed our interest and desire for direction.

But, if we fail to make a personal decision at the polls, and then lose the direction we wished to go, we have less right to voice our dissatisfaction after the fact.

Elected officials try to follow the mandate of the majority. And sometimes one vote makes the difference between majority and minority. It has happened numerous times in American history: a senator was elected by one vote, a number of congressmen and officials in various levels of government across the land.

Polls will close officially January 31. Officials at Cameron's county tax assessor-collector's office said poll taxes can be paid up to midnight Sunday, January 31.

If you have a desire to exercise one of your greatest privileges and duties as a citizen, pay your poll tax this week. And be sure to vote for the candidates and issues of your choice. Your national, state and local futures are determined at the ballot box.

New Slant On Idea Of People Piling Up U. S. Debts For Children To Pay

Dear editor:

Like most people, I haven't spent much time worrying about the national debt, it's sort of like worrying about the weather three states away while the kind you've got at home is giving you fits, but I'll admit this isn't exactly far-sighted or statesman-like.

What set me to thinking about this though was an article I read in a magazine last night which some publisher sent me in the hopes I'd subscribe to it. This article quotes President Eisenhower on the importance of holding the national budget down. "I believe our people have the determination to hold expenditures in check, to pay their own way without borrowing from their children," the President said.

when they grow up. One of the troubles with children now is that they expect everything to be handed to them free of charge. If we keep piling up the national debt, it looks like we'll get that notion out of their heads one of these days.

Yours faithfully,  
J. A.

Now I don't know about the national budget, but what throws most people's budget out of balance is not the parents, but the children, and the number of parents who are borrowing from their children is mighty scarce in this vicinity.

Of course, I understand what the President is saying, he means the debt we run up will have to be paid off by our children and grandchildren, and he's right, but just in defense of us adults I'd like to underscore the fact that a lot of these debts we're running up can be traced directly to the children.

Take schools. When you go into debt to build a school, it's not for the parent's benefit. Most parents I know are already educated about as far as they intend to go. It may not be far enough, but most of them seem satisfied with it.

Or take roads. Of course parents use roads, provided their teen-age children are tied up with the mumps, and half the time when the parents are using roads, it's for hauling kids around who are too young to drive but loud enough to get their way.

And so it goes. Hospitals, parks, even national defense, whatever it is that goes with our national budget, the children are getting a pretty good slice of it and I for one am glad to be able to shift a little of the cost on to them.

### Liquid Fertilizers

The use of liquid fertilizers is becoming widespread and they are proving to be a good source of plant nutrients.

# Filing Deadline Drawing Near

AUSTIN With the filing deadline (Feb. 1) drawing near, the political ring is filling with hats—most of them familiar to Texas voters.

Ninety-five per cent of our people live within 100 miles of a state college now, the Council advises.

Since there's to be no wholesale re-shuffling among top state officers, liveliest interest is focused on legislative campaigns.

Texas Legislative Service's compilation on legislative races indicates about six of the senators running for re-election have opposition or prospects of opposition. Usually the opponents include a representative from the senator's district.

New faces have entered the races in more than 50 of the House districts. In 19 of these the present representative is not a candidate for re-election.

Besides the usual preponderance of lawyers, there are a number of school teachers and former school teachers among the newcomers.

Campaign platforms rest mainly on these issues:

(1) Betterment of schools and improvement of teachers' salaries.

(2) Revamping or doing away with the new merit plan auto insurance rates.

(3) Providing medical payments for persons on the welfare rolls and raising old age pensions.

(4) Enacting stiffer highway safety laws.

(5) Developing a comprehensive statewide water program.

(6) Solving the state's fiscal problems. This is generally covered in some broad, fairly vague statement, such as "modernizing the state tax system," "eliminating unnecessary expenditures or "finding an equitable method of taxation."

### ENOUGH'S ENOUGH

Presidents of Texas' tax-supported colleges and universities have come out against adding any more schools to the state's higher education system.

Their reasons: (1) we've got enough already and (2) there isn't enough state money to go around. University of Houston is seeking admission. Its case will be heard by the Commission on Higher Education in April. Commission will report to the Legislature, which makes final decision, in 1961.

Del Mar College of Corpus Christi, a municipally-supported junior college, would like to follow the course of Arlington College and become a state-supported four-year college.

Council of State College Presidents joined unanimously in a statement that to add more schools to the state system now or in the near future would be "a grave mistake."

Texas, said the Council, supports

more colleges and universities, and contributes to the support of more junior colleges (32) than any state except California.

Employees should receive two copies of a Withholding Statement, Form W-2 on or before Monday, February 1.

## Employees Should

## Get W-2 Form By

February 1

Here's a memo from Internal Revenue Service for employers in this area:

Employees should receive two copies of a Withholding Statement, Form W-2 on or before Monday, February 1.

A. P. Andrews, Administrative Officer of Internal Revenue Service at Temple, said, "This statement shows the total wages paid and the income tax and social security tax withheld, if any, during the calendar year 1959."

Total wages shown on an employee's W-2 must include amounts received as sick pay from his employer, even though no tax has been withheld on such sick pay. Sick pay is not required to be shown separately.

If it becomes necessary to correct a W-2 after it has been given to an employee, a revised statement must be issued and marked "corrected by employer."

## Self-Help On Tax

## Returns Encouraged

Taxpayer self-help will again be urged by Internal Revenue Service during the income tax filing period from now to April 15. A. P. Andrews, Administrative Officer of Internal Revenue Service at Temple said today.

Self-help means that the taxpayer completes as much of his 1959 return as possible before asking Internal Revenue for help. This saves the time of IRS people who, in turn, save the taxpayers' money when uninterrupted from their routine duties of seeing that every taxpayer bears his fair share of the tax burden.

The Revenue representative revealed that many tax problems can be solved by telephoning Internal Revenue or by studying the comprehensive instructions that accompany Federal income tax forms for '59.

## Guard Unit Reports New Enlistments During Past Week

One enlistment and three re-  
enlistments were made in Com-  
pany C, 3rd Medium Tank Batt-  
alion last week, the local Guard  
unit reported today.

It also lost two of its members  
during the week, it said.

Re - enlisting were Sgt. Ed-  
ward P. Brady, Specialist - 4, Bob-  
by H. Powell and Pfc. Billy J. Ko-  
stroun. The new Guardsman was  
listed as Norwin Hughes.

Hughes, sworn in as Private, is  
a university student, and will de-  
part in March for his six months  
of active duty with the Army.

Brady, Powell and Kostroun all  
are assigned to Company C's Tank  
Platoons. Brady operates the B&B  
Studios in Hearne and resides there  
with his wife and family. Powell  
is employed by a railroad in Aus-  
tin and he and his wife reside  
there.

The two Guardsmen lost, Com-  
pany C said, were Specialist - 4  
David E. Eubanks and Hubert D.  
Youngblood, Jr. Both now are em-  
ployed and living in Odessa. Youn-  
gblood re - upped in the Guard  
unit, Headquarters Troop, 1st Re-  
con Squadron, there.

## Economists Look At Cotton Situation

COLLEGE STATION — The cot-  
ton supply in the United States  
during the current season, August  
1, 1959 to July 1, 1960, is estimated  
at 23.7 million bales, about 3.4  
million over that of 1958 - 59.

One reason for the increase in  
supply, said John McHaney, ex-  
tension economist, is that the 1959  
crop was about 3.3 million bales  
over 1958 because of larger acre-  
age and a record yield of 474 pounds  
per acre. The larger acreage  
was due to the ending of the acre-  
age reserve program which took  
five million acres of cotton land  
out of production in 1958. The  
Choice B support program also  
increased the supply in that it ad-  
ded about one million acres to 1959  
allocments.

Of the 15 million bale disappear-  
ance expected during 1959 - 60,  
exports are expected to be about  
5.6 million bales, double that of  
last season. One reason for this  
increase in exports is a decline in  
foreign free world production. The  
economist said even though the  
foreign production decline is es-  
timated to be only two percent of  
1958 - 59 production, such a de-  
cline alone could mean an increase  
in U. S. exports of about 14 per-  
cent over last year. This, he em-  
phasized, illustrates what can hap-  
pen in the long run if U. S.  
prices are maintained at relatively

## Cameron Auto Supply Boosts The Best In Name Brand Parts

Cameron Auto Supply Co., lo-  
cated at 101 E. Main Street south  
side of the Courthouse, are cele-  
brating their fifteenth year in Cam-  
eron. They have built their busi-  
ness on service to their custom-  
ers, handling only the best qual-  
ity, nationally known brands of re-  
placement parts for all makes of  
automobiles, trucks and tractors.

Such names as McQuary-Norris,  
Farm, Walker, Gater, A. C. Cha-  
mpion, Hastings, Autolite, Black-  
hawk, Lockhead and the Genuine  
United Motors Lines including Del-  
co - Remy, New Departure, Huatt

Carter, Rochester, Delco Batteri-  
es and other related lines that go  
to make up a complete stock of  
the best replacement parts avail-  
able. In addition to the automotive  
lines carried they stock parts for  
Briggs & Stratton, Clinton, Lau-  
son Power Products and Lawnboy  
small gasoline engines.

They urge owners of any of these  
small gasoline engines to get all  
necessary model and type num-  
bers of their engines before ask-  
ing for replacement parts as this  
information is very necessary to  
obtain the correct part needed.

Cameron Auto Supple believes in  
fairness to all. They have no give-  
aways, special prices on shoddy  
merchandise, only quality and ser-  
vice they expect themselves are  
good enough for their customers.  
Old customers and friends are  
always welcome, new ones are  
invited to visit us for their re-  
quirements to keep their automot-  
ive equipment rolling.

Cameron Auto Supply wishes to  
thank their friends for the fine co-  
operation during the past fifteen  
years and hope to serve you many  
more.

**Stedman Co.  
Ford Tractors  
Are Dependable**

You get power you can depend  
on with Ford Powermaster trac-  
tors available at Stedman Tractor  
Co., Cameron, according to H. H.  
Stedman, agency owner.

Stedman points out that his trac-  
tor agency features sales and ser-  
vice on all Ford tractors and field  
equipment and New Holland bal-  
kers, rakes and movers.

His company also handles the  
famous Maytag gas range, wash-  
ers, dryers and conventional wash-  
ers. Another product well-known  
for its efficient operation. Stedman  
says, is Toro Lawnmowers.

"We have operated a Ford trac-  
tor agency since 1946 on the basis  
of fair price on all our farm equip-  
ment good trade-in allowances on  
used equipment and the Best Ford  
farm equipment rapair in Central  
Texas."

Hugh Smith has managed Sted-  
man Tractor since it was opened.  
The agency was moved to its pre-  
sent location, First and North Cen-  
tral, a short time after it was es-  
tablished in Cameron after World  
War II.

"Stedman Tractor also has excel-  
lent service personnel in Leroy  
Barkemeyer, our service manager  
and Herman Reineke, tractor mec-  
hanic. Barkemeyer has 10 years of  
experience while Reineke has a-  
bout seven," Stedman says.

@: I have a chubby face, even though I'm not overweight, and it makes me look plump. What can I do to thin it a little?

A: You can create an illusion of slimmness by applying rouge very lightly on the sides of your face. Make sure this is hardly more than a subtle blush, and you'll find it will make your face seem thinner.

Apply light round collars, turtle necks and any kind of neckline that repeats the round shape of your face. Pointed collars and V necks will appear to add length.

Your face will also seem less chubby if you wear your hair smooth at the sides of your face and almost shoulder length.

### Rebecca Tepera Named Betty Crocker Homemaker Of Tomorrow

The 1960 Betty Crocker Homemaker of Tomorrow in Yoe High School is senior Rebecca Sue Terry Tepera.

She received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls. She will receive an award pin, representing the slogan, "Home is where the heart is". Her examination paper will be submitted for competition with other high school winners to name the state Betty Crocker Homemaker of Tomorrow.

The test, which was prepared and judged by Science Research Associates of Chicago, was taken by a record number of 379,081 girls in 12,597 schools, an increase of 29,868 girls and 337 schools over last year.

Total enrollment in the six-year old \$110,000 scholarship program sponsored by General Mills has neared the two million mark. Alaska and Hawaii are participating for the first time this year.

Each state Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip April 23 - 29 with her school advisor.

### VA Region Office Plan Series Of Meetings For Central Texas

The VA Regional Office in Waco is planning a series of meetings throughout the Central Texas area to acquaint veterans and widows with the provisions of the new VA pension law which goes into effect July 1, 1960.

P. J. Mims, Manager of the Waco office, announced today there would be an opportunity for everyone interested to learn more about the new VA pension law by attending an open meeting to be held in Temple at 2 p. m. in the American Legion Hall on February 13.

This new legislation, known as Public Law 86 - 211, is especially important to some 7,000 Central Texas veterans, their widows and dependent children, who are now receiving pension payments. It is also of particular interest to widows and dependent children of WWII and Korean veterans who

# AGING

is **ONE** reason there's no place like **SAFEWAY** for **BEEF!**

Only **PROPER AGING** can bring beef to succulent, mouth-watering perfection.

To do this, we have our own climate-controlled meat plant, with huge aging rooms where beef is slow-aged just the right number of days to develop peak goodness.

*You'll Enjoy Every Bite!*

And look at the **TRIM** on a Safeway Steak. T-Bone for example. Note that you pay for just the real tender, juicy center portion of the steak. The long "tail" section which is not true Steak meat is cut off before weighing, as is the excess fat and bone.

Only **U.S. CHOICE BEEF** is fine enough for Safeway Steak. Every beef cut we offer is of this superior quality. To grade U.S. Choice, beef has to have all the good-eating qualities required by federal government standards.

**PERFECT EATING GUARANTEE**... Take home any cut you choose... cook it your favorite way. Savor its tender, juicy goodness. If you don't agree it's absolutely delicious in every way, just come in and tell us. Your money will be courteously refunded.

Narrow Win Scored

# Yoemen Led By Barkemeyer

David Barkemeyer led the Cameron Yoemen past Rosebud Friday night by a narrow 54 - 53 margin.

Barkemeyer scored 22 points, hitting the basket for 9 field goals and 4 free throws.

The Yoemen scored 12 points in the first quarter holding the Panthers to 9. The Yoe were outscored by the Panthers in the second period, 21 - 13, making the half-time score 30 - 25 with the Panthers on their way to victory.

The Yoemen couldn't gain on the 5 points lead held by the Panthers in the third period, both teams totaled 15 points.

The Cameron comeback came in the fourth quarter with 14 points totaled to the Yoe and 8 to the Panthers for the narrow one point win.

The win was Cameron's second in district competition against a single setback.

## Yoemen Lose Second District Tilt To Rogers Eagles 50-44

Due to a slow start and finish the Yoemen were edged out by Rogers in their second district game of the year by a 50 - 44 score.

Rogers scored 17 in the first quarter and held the Yoemen to 9, the Eagles blasted out 10 in the second frame and held Cameron to 9.

The Yoemen started firing back in the third period with 14 and held the Eagles to 10. Cameron got 12 in the final frame and Rogers 8.

David Barkemeyer led the Yoe scorers with 19 and Tyler picked up 18 for Rogers.

## Buckholts Loses

## Two Games In Row To Snook, Dimebox

Buckholts went down before the sharp shooting of Dimebox, 39-37, January 15, and Snook, 77-55 in a contest January 19.

Lester Hanke's quintet almost caught the Dimebox sharpshooters in the third quarter, outscoring them 15 points to 11. Carroll Glaser led Buckholts scoring with 17 points while Jack Ruzicka and Eugene Glaser garnered 5 points each.

But Dimebox's Nolan Lerche and Kenneth Eichler's 13 points apiece gave their crew the edge.

In the Snook - Buckholts game, Glaser again led scoring for Buckholts with 22 points while Bobby Ruback was high - point man for the evening with 23 points for Snook.

Jack Pennington was also sharp that night and hit for 19 points. Snook led all the way with 21 scores in both third and fourth quarters.

## Yoemen Victorious

## Over Hearne Eagles

David Barkemeyer paced the Cameron Yoemen to victory over the Hearne Eagles in their first district basketball game of the year, played in Hearne January 15. Barkemeyer scored 23 of the Yoemen's 56 points while Sowma led Hearne with 11 of their 34 points.

Cameron jumped off to a 16 - 11 lead after the first period, picked up 12 more in the second and held Hearne to 7 making the half-time score 33 - 22.

Hearne was hard to top in the third frame as the Yoe defence faltered allowing the Eagles to score 13 times, the offensive team made up for it with 15 points. The Yoemen stayed on top in the last frame with 13 points and held Hearne to 3.

## FIRE -

Continued from Page 1

flames lashed out through a skylight canopy.

Workmen assisted J. E. Flinn in removing office equipment from his cotton office.

Curtis has moved his operation to a building next door that he owns. Inventory of store stock was taken over the weekend, he said.

Curtis estimated damage in thousands, but did not have an estimate of total damage to merchandise at pressime.

No estimate was announced on total damage to the building.

Curtis said cause of the fire was attributed by insurance adjustors to faulty wiring.

"Another three or four minutes," Curtis said, "And the fire would have really caught hold. I wish to express my special appreciation to Cameron firemen for a great job. I'm sure owners of the building and Mrs. Flinn share my sentiments."

At one point in the blaze, flames appeared to be heading out of control on the roof, but firemen doused the blaze to prevent its spread.

By 8:30 the blaze was out though firemen were called later in the evening to put out a brief fire in the same area of the roof.

# Coastal Bermuda Ranks Top

From clipping results obtained from Coastal and common Bermuda grass plots during 1959 by technicians of the Soil Conservation Service, Coastal Bermuda outproduced common Bermuda 25 percent. The Coastal Bermuda produced 12,500 pounds of green forage per acre as compared to 10,000 pounds per acre for the common.

The plots from which these clippings were made were on the same type sandy upland soils and both plots received approximately the same amount of rainfall. Both plots were fertilized at the rate of 300 pounds of 10 - 20 - 10 fertilizer per acre in the spring. The plots were clipped at the end of each month during the growing season at a height of 3 to 4 inches which is considered proper use for these grasses. The clipping period was from April 1 to November 1.

There was a dry period from about July 1 to September 1 during which the common Bermuda did not make sufficient growth to be clipped. On the other hand, the Coastal Bermuda did make sufficient growth each month during this period to be clipped. The coastal also remained green during this period while the common Bermuda turned brown. This observation indicates that the coastal can stand dry weather better than the common.

Coastal Bermuda is well adapted to practically all the soils in Milam County. A large number of district cooperators planted coastal

Bermuda last year and they are all highly pleased with the amount of grass produced and the way that cattle and other livestock eat the grass. During a normal year coastal planted in the spring will make sufficient growth by late summer and early fall to be grazed.

Good land preparation done well in advance of the sodding operation is very important to obtain good results in pasture sodding work. This land preparation should be done just as soon as possible where pasture sodding is to be done this spring.

The Milam County A. C. P. will offer cost share assistance on Coastal Bermuda sprigging again this year and technical assistance is available from the Soil Conservation Service.

## Buckholts Drops

## Sharp Team, 69-38

Buckholts handed Sharp a 69-38 setback Tuesday night with Carroll Glaser pouring in 22 points to lead the scorers for the night.

Bobby Malovets hit for 20 points and Carroll Fuchs for 15 to top the Buckholts scoring column.

Ronnie Locklin racked up 14 points to lead Sharp in the scoring column.

Lester Hanke's Buckholts crew led Sharp all the way scoring: 13 in the first, 17 in the second quarter, 23 in a big third quarter and 11 in the fourth.

## Cameron Auction Gets Recognition From NALAM

Cameron Livestock Auction has been designated for 1960 as a Nationally Certified livestock auction market.

Certification of the market was formally announced by the National Association of Livestock Auction Markets, the industry's business trade organization, from its offices in Kansas City, Mo.

"Nationally Certified" status is awarded qualifying livestock auction markets on the basis of a high level of their operations and services, and in keeping with the industry's national Code of Business Standards governing market responsibility, integrity and service.

The designation is contained in a distinctive certificate and display placard. The certificate, signed by the market owner, constitutes a continuing pledge to the livestock public, consignors and buyers alike, of the highest standards in the conduct of the market. These standards are set forth in 17 operating principles governing market operations and the services rendered.

In acknowledging its 1960 "Nationally Certified" designation, O. A. White, co-owner, of Cameron Livestock Auction said: "We are

## Sharp Funeral Services Held For Vernon Fleming, 80, Fri.

By Mrs. Florence Spiegel

Funeral services for Vernon Fleming, 80, were held at Phillips and Luckey Funeral Chapel in Rockdale at 10 a. m. Friday. Burial was in the Oaklawn Cemetery with Rev. M. M. Fulmer officiating at both services.

Mr. Fleming died in a Big Springs Hospital Wednesday.

He was preceded in death by a son and his wife and three brothers.

Palbearers were his nephews and cousins.

Survivors include six sisters Mrs. W. D. West of Novice and Sharp, Mrs. Alyse Sharlton of Robert Lee, Mrs. Loula Hyde of San Angelo, Mrs. Della Poe of Arlington and Mrs. Ida Hall and Mrs. Ora Sundbury, both of Kingsville; three grandchildren; a number of nieces and nephews, including Mrs. R. F. Lindhorst of Sharp, and Mrs. Roy L. Green of Tracy.

The joint meeting of the Sharp 4-H Clubs, scheduled to be held January 18 was postponed due to

proud of this national recognition of our marketing services which has come about through the patronage and confidence of our consignors and buyers - and the loyal work of our employees. We take pride in conducting our market for the most productive returns to our customers and aim to maintain our services in the forefront in merchandising livestock."

the mid-term examinations being held at the school.

There has been no reported cases of rabies in the Sharp and Tracy communities.

Martin West of Fort Worth was here three days this week to visit his sister and her husband, the R. F. Lindhorsts and to attend the funeral of his uncle, Vernon Fleming in Rockdale Friday.

Charles Schwarz, student at Sam Houston State College spent the weekend with his parents, Mr. and Mrs. Willie Schwarz.

Penny Graves entered her purebred Jersey heifer and won a blue ribbon.

## Prescott Addresses

## KC Grid Banquet

About 200 Knights of Columbus, guests and Yoe High School football players heard Jack Prescott, Cameron attorney, discuss "Your Future" at a grid banquet Monday.

He was introduced by Charlie Burke, toastmaster.

Prescott enumerated points on how juniors and seniors in high school can analyze themselves and prepare for future careers after school.

Coach Jim Speer introduced coaches Jerry Hopkins and Max Tredwell and his team of 1959.

Burke introduced Supt. Wiley W. Loughmiller, Principal J. R. Young Elementary Principal Leon Brady and a number of visiting guests.

Prescott said that book learning is not the only essential, but education is necessary for achievement.

He emphasized the need for reading, development of hobby interest and interest in church and civic life.
